Good morning Greg. Have we made any headway in determining whether or not hazardous substances have been released at the Site for chemicals not normally found in petroleum, or at elevated levels for chemicals normally found in petroleum? If so, please provide the results of your findings. Thanks.

▼ Greg Fife---09/13/2012 01:01:21 PM---Can you forward the sample results for the Gas Bubbles to George Malone, our attorney? And any info
